

STORMS SWEEP
ALASKAN SEAS

Many Vessels in That Vicinity Are Badly Damaged.

OHIO BRINGS NEWS

Reaches Seattle with a Million Dollars in Gold Bullion.

LIVES LOST IN STORM

(Special By Scripps-Mellae.)

Seattle, Wash., Sept. 26.—The steamer Ohio, has arrived from Nome and reports that a severe storm in that section of the country has done great damage to the shipping and to vessels planning to stay in the north during the winter and some of those returning back to the United States.

Brings A Million
The Ohio brings down with it a million dollars in gold bullion and reports that several other large shipments of gold bullion are to be made very shortly. If the storms abate so that navigation is safe.

Lives Lost
Among the sea captains who lost their lives in the storms were Captain Basil Danieloff, Captain John Slater and mate of the steamer Good Hope.

HAS SERVED LONG
IN PHILIPPINES

Captain L. T. Richardson of the Regular Army, Will Visit Here Very Soon.

Captain L. T. Richardson, 26 Inf. U. S. A. and his wife and two children are expected in Janesville for an extended visit within a few days. Captain Richardson is just back from a three years' service in the Philippines, during which no time he has seen most active and exacting service and is back in the United States on a furlough to recuperate from his Asiatic service.

Captain Richardson is the son of the Honorable Hamilton Richardson and was appointed from Janesville to West Point. He graduated from that institution in 1895 and was assigned to the 20th Infantry. At the outbreak of the Spanish war he served with his regiment in Cuba through the campaign about Santiago and later went to the Philippines.

In Active Service
With his regiment he was hurried to Manila and arrived there in February of '99 at the time of the attempt by the insurgents to burn the city. He was some time stationed on the island of Luzon and later he was detailed to Samar when the massacre of the troops occurred there. He has fought against all the tribes of our new possessions and is thoroughly conversant with the situation there.

His Family
His wife is the daughter of an army officer and they were married at an army post before the Spanish war. Mrs. Richardson accompanied her husband to Manila and has remained near him during his three years of exile there. One child was born there since the fall of the city and the American control. Captain Richardson is very desirous of remaining in this country and may effect an exchange so that he may be transferred into the 22d regiment at present stationed at Little Rock, Ark.

DESPERATE GIRL
JUMPS TO DEATH

Syrian Maid, Prevented From Landing on American Soil to Wed Her Lover, Takes Her Life.

Detroit, Mich., Sept. 26.—Driven to desperation by the prospect of being forever separated from her lover, in the expectation of marrying whom she had nearly circled the globe, Alexandra Joseph, a young Syrian girl, in a supreme effort to escape from the United States immigration agent who was about to deport her, threw herself from the window of a Michigan Central passenger train running fifty miles an hour and was instantly killed. The tragedy occurred two miles north of Newport on the Toledo division of the Michigan Central and was the culmination of years of effort on the part of Joseph Abodeedy of Cedar Rapids, Ia., to lead his old world sweetheart to the altar. But when he had saved enough money to pay the girl's passage to the United States and she had come as far as Montreal it appeared that the trouble of the young couple had just begun. In Montreal on May 16 last the iron hand of the United States immigration bureau reached out to separate the lovers, and the plucky fight which the young man attempted against fate only ended in his sweetheart's death.

Yates Makes Appointments.

Springfield, Ill., Sept. 26.—Gov. Yates has announced the following appointments: J. Stanley Brown of Joliet, to be member of the state board of education, vice Judge Green of Cairo, deceased; Robert Black, public guardian and administrator of Clark county.

ATTEMPT TO FORCE
SHAW'S RETIREMENT

Wall Street Magnates Are Displeased with the Policy of the Secretary of the Treasury.

Washington, D. C., Sept. 26.—(Special).—There is a well grounded suspicion here that the rumors that Secretary Shaw is to resign and which have been denied repeatedly by him emanated from Wall Street, and were circulated for the express purpose of embarrassing the head of the treasury department. Secretary Shaw has declined to go into the market and purchase bonds. This policy has displeased certain persons in the financial world, and it is asserted on reliable authority that they have deliberately attempted to embarrass the secretary with a view of forcing his retirement. As a part of this scheme stories have been set afloat to the effect that Secretary Shaw and the president disagree on the tariff and practically all other important questions.

Are Together
The president and the secretary of the treasury are in thorough accord on the tariff question and a comparison of their speeches will show this to be true. Before the last interview of Secretary Shaw were delivered he visited Oyster Bay and the address that Mr. Shaw proposed to make received the unqualified approval of President Roosevelt. It is also true that there is complete harmony on other important questions. The personal relations between the two men are of the most cordial character.

Talks With Teddy
Secretary Shaw called on the president today by permission of Dr. Lung who said that the secretary could remain but ten minutes. The president detained Mr. Shaw thirty-five minutes and there is not the slightest indication of a break in the cordial relations.

STATE NOTES

\$20,000 will be used in improving the Bellis House at Wausau.

A survey by the Inner Milwaukee harbor will be made by the government.

Ninety people attended the last of the merchants' excursions to Fond du Lac.

Three thousand students have been registered at the university of Wisconsin.

Seven Oshkosh golfers will play a team from the Algoma Country club Saturday.

Andrew Sommers of Jefferson died of injuries received by falling from a ladder.

Next year a state hatchery may be established at Cedar Lake not far from West Bend.

Eau Claire citizens have decided to use the Hinrich's site for the new Carnegie building.

Eau Claire school children decided not to march in the carnival street fair parade next week.

Rudolf Schmidt of Richland Center, aged 13 years, dropped dead while plowing alone in a field.

A mycological club has been formed at Milwaukee which will make a special study of the local fungi.

One hundred and four men and two women took the examination at Oshkosh as rural mail route carriers.

A passenger train at Racine narrowly escaped a wreck from a freight engine which jumped the track.

Racine stevedores admit that the present season has been the poorest about the docks in the past fifteen years.

Publication of the prices charged for beef has thrown Oshkosh butchers into a panic on seeing how much the rates vary.

Racine physicians have been puzzled by the case of J. W. Burke, who has been attacked in the head by blood poisoning.

To take the place of the railroad collision which was produced at the state fair this year, it is probable a big automobile race will be held next year.

Dr. R. A. Klotz of Oshkosh maintained that the letters signed with his name which were found in a Chicago matrimonial agency, were sent by an enemy.

After nine hours' deliberation the jury in the case on trial at Madison brought by Mrs. Christis Moe against Dr. G. Keenan, still disagreed and was dismissed.

Miss Maude Peterson of Milwaukee will begin a search for her father of whom she lost track twenty years ago and from whom nothing has been received since.

Passengers on an Illinois Central train were obliged to walk a mile and a half through the mud to reach the station at Montello after traffic had been blocked by derailed cars.

The steamer Sheboygan of the Goodrich Transportation company, which ran upon a reef near Algoma several days ago, was released yesterday by the tug Favorite and Arctic.

Judge Beldin of Racine rendered a decision in the case of Manzer against Bailey, sued for \$1,000, which Manzer claimed that he agreed to pay for an introduction to a rich widow whom he married.

In the public schools of Milwaukee in the ninth ward, the coal famine has been felt to such a degree that it has been found necessary to ask the children to furnish their own fuel.

Information was furnished the LaCrosse police that an attempt would be made to steal between \$20,000 and \$30,000 of the gate receipts of the fair from the vault of the German-American bank.

Two LaCrosse servant girls armed with a poker and a knife drove away two burglars from the residence of ex-Senator Live Withie; four accomplices were guarding the house outside.

If Mr. Rose is elected governor, what will Milwaukee do for a mayor?

Word has been received from Appleton that E. S. Merrill, athletic director of Lawrence University, in a speech made before the students spoke strongly of the prospects for a good team at the Methodist school.

Among other remarks he said that with all respect to his alma mater as the best small college in the west he hoped to be able to take a team down from Lawrence that would win from the Line City institution.

The general feeling here is that Beloit is as well able to guard herself against defeat this season as in the past.

TRANSFERS OF
THE DIPLOMATS

The State Department This Morning Makes Public the List.

TOWER IS CHANGED

From Ambassador to Russia to Ambassador to Germany.

OTHER MINISTERS

(Special By Scripps-Mellae.)

Washington, D. C., Sept. 26.—The state department this morning made public the changes that will be made in the foreign diplomatic service of the United States to take place at once. There are several transfers and some new appointments recorded. The list is as follows:

Ambassadors Changed
Charmagne Tower, Pennsylvania, now ambassador to Russia, to Germany; Robert S. McCormick, Illinois, now ambassador to Austria-Hungary to be ambassador to Russia; Bellamy Storer, Ohio, now minister to Spain to be ambassador to Austria-Hungary.

The Ministers
Arthur Hardy, New Hampshire, now minister to Switzerland to be minister to Spain. Charles P. Bryan, Illinois, now minister to Brazil to be minister to Switzerland and David Thompson of Nebraska to be minister to Brazil.

PLAN TREATIES
WITH THE CUBANS

A Fabric of Treaties with the Baby Republic Is Being Arranged For.

Washington, D. C., Sept. 26.—(Special).—With the expectation of being ready to present to congress at the opening of its next session a fabric of treaties between the United States and Cuba, negotiations are pending between Mr. Quesada, the Cuban minister, and the State Department with regard to a commercial treaty, an extradition treaty and a treaty to adjust the title to the Isle of Pines. It is the purpose of Minister Quesada, it is stated, to draw up the commercial treaty on reciprocity lines. The fate of such a treaty will depend naturally on congressional action on the subject of Cuban reciprocity.

DISBROW IS NOW
HELD FOR MURDER

Grand Jury Holds Him Responsible for the Death of Dimple Lawrence.

New York, Sept. 26.—(Special).—That Louis A. Disbrow will have to stand trial was definitely settled this morning when the Suffolk Co. grand jury presented an indictment charging the prisoner with murder in the first degree. Disbrow is accused of the murder of Clarence Foster, but no mention is made of the death of Miss Sarah Lawrence. Disbrow was arraigned. "I plead not guilty," he said, in a loud clear voice.

SCHWAB'S \$900,000
HOME PLANNED

Steel Magnate Will Have a Palace on Riverside Drive, New York.

New York, Sept. 26.—(Special).—Plans have been filed at the bureau of buildings for Charles M. Schwab's new residence. The building will be six stories high, and 90 by 107 feet deep. The lot faces Riverside drive, and is bounded by Seventy-third and Seventy-fourth streets and the West End avenue. The building will be of granite and is to cost \$900,000.

BELOIT TEAM
PRACTICES WELL

Feels Confident of Turning Out the Best Team It Has Ever Had.

Beloit, Sept. 26.—Eighteen men assembled on Keep field last night for foot ball practice, and Coach Hollister expressed himself as more than pleased by the showing that was made. The candidates displayed the same snap and ginger that has been shown since they were first assembled by Captain Smith. The new men have not yet been tried out sufficiently to give more than a general idea of their powers.

Word has been received from Appleton that E. S. Merrill, athletic director of Lawrence University, in a speech made before the students spoke strongly of the prospects for a good team at the Methodist school. Among other remarks he said that with all respect to his alma mater as the best small college in the west he hoped to be able to take a team down from Lawrence that would win from the Line City institution. The general feeling here is that Beloit is as well able to guard herself against defeat this season as in the past.

GOVERNMENT TO
REDEEM BONDS

Latest Decision of Secretary Shaw Makes a Panic Impossible.

WILL BUY BONDS

Twenty Million Dollars To Be Thus Put Into Circulation.

TO BUY AT ADVANCE

(Special By Scripps-Mellae.)

Washington, D. C., Sept. 26.—For further relief of the money market Secretary Shaw has decided to begin the purchase of bonds that are now outstanding against the government, thus placing this money in circulation and making a money panic an impossibility.

Will Buy Fives
The secretary has offered to buy the Fives outstanding, now selling for a hundred and five and a quarter, for one hundred and five. The quarter of a cent difference being but such a small portion, it is thought many bonds will come in for redemption.

\$15,000,000 Outstanding
There are now fifteen millions of these bonds outstanding and the sale will bring them up to about twenty millions of ready cash for circulation.

RAILWAY PLANS
HOTEL OWNERSHIP

New York Central Will Buy Hotels in Ten Cities on Its Lines.

New York, Sept. 26.—(Special).—It is reported that the New York Central railroad is planning to purchase a string of hotels along the main line of the system. It is the intention, so it is reported, to secure a hotel in each of the ten cities, including New York and Chicago. The other cities are Albany, Syracuse, Rochester, Buffalo, Erie, Pa.; Cleveland, Toledo, Sandusky and South Bend. The company, it is said, has decided not to build new hotels, but to purchase old-established and popular hotels, which must of course be located near the railroad depots in each instance.

WELSH COAL IS
NOW ARRIVING

Four Thousand Tons Has Arrived in This Country from Wales.

Philadelphia, Sept. 26.—Four thousand tons of Welsh coal, chiefly large size anthracite, reached here today. None was offered for sale, as all had been contracted for before the order was placed by the local company which makes the importation. All day the office of the company was besieged by coal dealers eager to obtain some of the coal or to place orders for shipments to be made hereafter. The price at which the Welsh coal is quoted could not be learned.

MAIL SACKS MUST
BE RETURNED

Order That Private Mail Sacks Must Be Emptied in the Post Office.

Washington, D. C., Sept. 26.—(Special).—To correct an evil that has developed to such an extent that the postal service is without sufficient mail sacks to meet the ordinary demands, the Postoffice Department ordered that hereafter all mail sacks addressed to private individuals must be emptied in the postoffice and the sacks forwarded immediately to the mail bag repository.

TWO TELEGRAPH
STUDENTS ENLIST

They Will Serve Uncle Sam in the Signal Corps Branch of the Service.

Authority has been received by Private Blake, in charge of the recruiting station, for the enlistment of two men who have applied for the signal corps service and passed the examination. Captain McCoy will probably be in the city Wednesday to swear them in and any others who may have made application by that time and come up to the requirements.

JUDGE BIRDSALL IS NOMINATED

Will Run for Congress in Speaker Henderson's Place.

Hampton, Ia., Sept. 26.—The Third district Republican convention nominated Judge B. F. Birdsall of Clarion for congress, to fill the vacancy on the ticket caused by the declination of David B. Henderson, speaker of the house of representatives. Judge Birdsall was chosen on the second ballot by a vote of 85 to 20 for C. E. Ransier of Buchanan.

WILL INVESTIGATE
EFFECT ON RIVERS

Government Wishes to Determine Results to Streams Which Receive Coal Mine Refuse.

Washington, D. C., Sept. 26.—(Special).—An interesting series of investigations is about to be begun by the division of hydrography of the United States geological survey under M. O. Leighton into the effects of coal mine refuse upon the rivers of the coal region. It has been commonly observed that the streams running close to the anthracite mines of eastern Pennsylvania and other mining localities are heavily charged with sulphur and that their waters often have a slightly acid reaction; the beds of the streams are also often covered with heavy deposits of sulphur precipitated from the water.

Purpose
It is the purpose of the investigations to discover the effects, deleterious or otherwise, upon the rivers which receive the polluted streams. One of the immediate results of the pollution is the driving away of all varieties of fish which were once abundant in these streams, but a more important consideration is the influence of the sulphur charged streams on the processes of decomposition of organic matter going on in rivers into which they flow.

Important Question
It is an important question, though at present it seems to be an open one, whether a stream polluted by sewage is assisted or retarded in its self purification by the sulphur polluted tributaries; but there is a possibility, which is yet to be demonstrated, that the discharge of mine waste into sewage pollution may have an important chemical influence upon sedimentation, if not an appreciable effect upon the oxidation of organic matter.

SPARKS FROM THE WIRES.

Harvard university opened with 700 freshmen, breaking the class record.

"Mother" Jones, the miners' friend stopped over in Chicago on her way west to lecture.

Frank McKie blew up the Golden Eagle Hotel in Washington, D. C., and then committed suicide.

A Chinese leper at the St. Louis quarantine hospital was reported cured and his discharge recommended.

President Roosevelt passed a comfortable night and day; the physicians expect to have him out in a week.

S. E. Robinson, editor of Winchester, Tennessee News Journal, was shot and killed by the attorney he had criticized.

Mining operations in the Big Creek district, Colorado, have been taken to overshadow gold fields there rivaling South Africa.

Considerable damage was inflicted in a collision between the White Star Line steamer Teutonic, and the Dublin steamer Mayo.

Grand jurors cleared up the Brown storage company and the University of Chicago tax incidents without finding evidence of fraud.

Hundreds were killed by an earthquake in Russian Turkestan which struck four towns, one of which was completely destroyed.

Superintendent Cooley of the Chicago public schools, was offered the presidency of the University of the State of Washington.

By re-opening its mines in the Schuylkill county the Philadelphia and Reading company will attempt to break the anthracite strike today.

Members of the Chicago real estate board recommended a constitutional convention to secure changes required by the city's pressing needs.

Roumania in response to a note to the powers from Secretary Hay, has decided to prevent the further emigration of Jews to the United States.

Bremen and Hamburg assemblies declared themselves in favor of opening live stock, because of the meat scarcity.

Charmagne Tower, ambassador to Russia, was appointed by President Roosevelt to succeed Mr. White as the United States representative to Germany.

Prof. Charles Zaubin of the University of Chicago arraigned President Baer in a speech before the convention of employers and employees in Minneapolis.

Secretary Hay has urged all American representatives abroad to put forth all efforts to secure displays for the St. Louis exposition.

Chicago City Railway officials convinced the Federation of Labor committee that it had not discriminated against union men, and the danger of a strike has been passed.

Minnie Brockmann, a four-year-old child, was run down in Chicago by an automobile driven by Vernon Cassard, a Board of Trade broker, and died a few hours later.

President Keller of the National Letter Carrier's association was recalled from his California vacation, and may be disciplined for his attack on Congressman Loud.

Rumors of Secretary Shaw's resignation were believed to have come from Wall street where the interests were displeased at his failure to buy bonds at market prices.

Rear Admiral Crowninshield's retirement before January 1 has been removed because of his declination to serve under Rear Admiral Higginson in the West Indies maneuvers.

J. Pierpont Morgan startled the "amen" corner of the Fifth Avenue hotel, New York, by appearing in an angry mood and demanding to see Senator Platt; the latter had returned from Saratoga tired and refused to talk.

Secretary Shaw, with the approval of the president, has offered to anticipate the interest on United States bonds due June 30, thus adding \$20,000,000 "call" money to the funds that may be needed to relieve the tight market.

COAL STRIKERS
USE VIOLENCE

Train Is Held Up and Men Forced to Quit Work.

MAN'S EAR CUT OFF

Brutality Delights the Howling Mob of Strike Sympathizers.

TROOPS REARRANGED

(Special By Scripps-Mellae.)

Mahony City, Sept. 26.—Angry demonstrations were made this morning against the workmen's train at Centerville. The men on board only escaped violence by promising not to return to work again. At Lost Creek the trolley was held up by scab hunting parties without results.

At Scranton
No depredations by strikers were reported this morning and since last night all has been quiet and at present the re-arrangement of the troops is being considered to cover the district more thoroughly.

Losses An Ear
An assistant foreman was attacked last night and one of his ears was cut off. The mob howled in delight and carried off the ear in triumph.

PARALYTIC STROKE
KILLS ROYAL WOOD

Death Comes Suddenly to the Pioneer Settler at His Son's Home Early This Morning.

Royal Wood, one of the most prominent pioneers of this city where he had made his home for over sixty years, died very suddenly this morning at 11:30 o'clock, after having suffered a severe stroke of paralysis. His death occurred at the home of his son, Frank Wood, 210 West Bluff St., with whom he resided.

Mr. Wood seemed in his usual good health this morning when he arose about six o'clock, but later he complained of a numbness in his left hand and on his way to the breakfast table he nearly fell to the floor. At the table, the fork fell from his nerveless hand and his daughter-in-law, realizing what had happened, telephoned for Dr. James Mills.

On his arrival he discovered that Mr. Wood had suffered a very severe stroke, the entire left side being affected. Mr. Wood was then unconscious and remained in that condition until the end, which came peacefully.

Deceased was eighty-three years of age and during his long residence in this city he was vitally interested in its progress. He took a prominent part in the business life of the city, being engaged in the livery business until he retired in prosperous circumstances several years ago. He was held in the highest esteem and in his young manhood he served the county as register of deeds. Since the death of his wife, three years ago, he had made his home with his son.

Three sons are left to mourn his death, they being Frank Wood, of this city, Royal Wood, Jr., of San Diego, Cal., and Wesley Wood, of Chicago. Arrangements for the funeral have not yet been completed.

BAPTISTS HOLD ANNUAL REUNION

CHURCH DAY IS OBSERVED WITH PLEASING FESTIVITIES.

OVER FOUR HUNDRED PRESENT

An Elaborate Banquet Followed by Program of Clever Toasts, and Election of Officers.

Church day, the annual reunion of the great body of the Baptist church, was pleasantly celebrated last evening, over four hundred members of the church and congregation enjoying nearly the evening of resting and fraternal fellowship.

At seven o'clock an elaborate banquet was served in the church parlors and the hour preceding it was devoted to the exchange of greetings and informal sociability as the guests assembled in the church auditorium. The supper, which was served by the ladies of the church, was bountiful in quantity and excellent in quality. The Ladies Aid Society had the supervision of the supper and the tables were spread by the King's Daughters, assisted by the Young Men's class. A committee of young people from the Christian Endeavor Society waited on the tables very prettily.

Pretty Decorations
The parlors in which the long tables were laid were handsomely decorated, branches of brilliant autumn foliage and long trailers of woodbine being used on the chandeliers and the walls. Great bunches of sunflowers and other blossoms were used effectively while the tables were beautifully with bouquets of double asters and gladiolus. The helpful circle had charge of the decorations. Covers were laid for four hundred and the tables were all filled while the corps of members who were engaged in serving the supper was a large one.

Intellectual Feast
Before the banquet, thanks were returned by Deacon Nathan Dearborn and after the program Rev. Richard M. Vaughan took charge of the program, acting as toastmaster in his bright, characteristic manner, which is very pleasing to an audience. His introductions were all apt and to the point.

Clerk's Report
Words of greeting were read from absent members after which the report of the church clerk, J. T. Fitchett was read by Mrs. Fitchett. The report showed a total growth of thirty-five members during the past year, 26 by baptism, 24 by letter, 3 by experience and 2 by letters returned. There has been a loss of 22 members, 13 by letter, 3 by death and 1 by excommunication. The church has a present membership of 556 and sixty-three per cent of this membership has been gained during the past ten years. During the year three of the older members of the church have died, Mrs. Augusta Davis and Miss Eleanor McMill, both of whom had been identified with the church for over forty years and Deacon Washington Kelly, who was a member over fifty years and a deacon over thirty-five years.

Church Finances
In response to the topic, "The Financial Thermometer," W. E. Clinton, the church treasurer, gave the financial report for the year showing the total receipts to be \$3,579.41 and the disbursements \$3,493.00, leaving a balance on hand of \$86.41. The announcement that the coal for the coming winter was purchased when it was \$7.75 a ton was greeted with applause.

Under the topic, "Some Corps Reports," Mrs. A. C. Campbell gave some interesting statistics concerning several of the organizations connected with the church. The Sunday school has an enrollment of 442 and an average attendance of 205. The Christian Endeavor Society has a membership of 152, the helpful circle of 18, the King's Daughters of 73, the Missionary Circle of 60 and the Ladies' Aid society has forty members. A report was also given of the work done by each of these societies during the past year.

"Leaders," was the subject under which the report of the nominating committee was presented by A. F. Hall. The report was accepted by the church, thus electing the following officers:

New Officers
Sunday School—B. F. Dunwiddie, superintendent. W. H. Rose, R. H. Grove, G. A. Crossman, assistants; A. C. Campbell, secretary-treasurer; J. T. Waggoner, librarian; Miss Mary Barker, primary superintendent.
Deacons—A. F. Hall, N. Dearborn, W. H. Rose, I. A. Whiffin, Charles H. Eller, L. K. Crissey, F. P. Grove, E. N. Butterfield.

Trustees—A. F. Hall, B. F. Dunwiddie, S. B. Smith, C. E. Bowles, F. J. Bailey, E. N. Fredendall, A. Lawson.
Clerk—J. T. Fitchett; assistant clerk, Mrs. J. T. Fitchett.

Finance Committee—Mrs. A. C. Campbell, Mrs. Elizabeth Butler, Mrs. M. H. Lawrence, Mrs. C. D. Leavitt, Miss Flora Dunwiddie, Mrs. M. P. Leavitt.
Baptismal Committee—Mrs. M. H. Lawrence, W. H. Rose, G. A. Crossman, Mrs. G. A. Crossman, Mrs. W. H. Rose.

Committee on Relief of Poor—Mrs. I. A. Whiffin, Mrs. R. P. Young, Mrs. J. B. Lester, Mrs. F. J. Bailey, Mrs. E. E. Smith, Mrs. O. L. Richards.
Committee on Church Beneficence—C. P. Beers, foreign missions; N. Dearborn, home missions; W. H. Rose, publication society; I. A. Whiffin, state missions; H. A. Palmer, ministerial education.

Church Missionary Society—E. N. Butterfield, president; Miss Mary Crosby, vice president; Miss Imogene MacDonald, secretary.

Uskers—W. E. Clinton, F. P. Grove, J. T. Fitchett, A. C. Campbell, R. H. Grove, H. G. Shurtliff, C. P. Beers, L. J. Leslie, E. N. Butterfield.
Committee on New Members—H. A. Palmer, Miss A. Herkimer, Mrs. Carrie Anderson, Mrs. H. C. Gore, J. A. Skinner, I. A. Whiffin, J. T. Waggoner, A. C. Campbell.

Children Recite
Miss Mary Barker was to respond

to the toast "The Church of Tomorrow" and she very neatly brought forward her substitute, a delegation of primary class children, who recited a beautiful poem on the subject written by Rev. Vaughan.

Appeal For Love
Judge B. F. Dunwiddie gave a masterly response to the toast "On Being in Love—With the Church." He made a strong plea for church attendance and called attention to the wonderful things which the church might have accomplished if everyone loved it as did Paul. He paid eloquent tribute to the deceased mother of S. B. Smith and to the late Deacon Honeysett.

Humor and Music
Miss Imogene MacDonald gave a humorous recitation in her talented manner after which L. K. Crissey spoke on "Our Want Department." Summarized the church wants, more power, more knowledge, more willing workers, more room and the attendance and influence of its members.

A splendid male quartet consisting of J. C. Kline, J. S. Taylor, F. P. Grove and Leonard Bastin sang "All on a Sunday Morning." Mr. Bastin singing the solo. The audience was delighted with the number and demanded an encore.

A Clever Idea
The most original and cleverest toast of the evening was given by Miss Eliza Stoddard, her subject being "Letters From Home." She read a number of letters supposed to have been written by members of the church. The letters were full of local hits and were greatly enjoyed, especially those at the expense of the pastor and his lady.

A Witty Response
T. S. Nolan was given the toast, "A Bird Cannot Flock By Itself," and his response was exceedingly witty, humorous stories being mingled with amusing advice to wives as to how to charm their husbands and keep them at home.

Future Outlook
The last number on the program was "A Look Ahead" by Rev. Vaughan who spoke a word of commendation for the accomplishments of the past and a message of cheer and encouragement for the future. He advised the church to look to Christ for inspiration and forgetting the things that are behind, to press forward. The conclusion of the program was followed by an informal social hour and the fourth annual Church Day of the Baptist church was decided to be the most successful and enjoyable in its history.

BELOIT COLLEGE IS FILLING UP

FRESHMAN CLASS NOW LARGER THAN EVER.

CHANGES IN THE FACULTY

Dormitories Are Remodelled and Much Improved During the Past Vacation.

Beloit college opened Wednesday with the largest registration for the Freshman class in the history of the college. A number of applications have also been received for entry in the upper classes. Prospects for a valuable year of college life in general are particularly bright.

Faculty Changes
President Eaton has returned from a year of travel abroad with new plans for the progress of the college. The faculty's efficiency will be greatly increased by the coming of Mr. W. A. Hamilton, a brilliant young scholar to take charge of the department of astronomy, and to direct the observatory. Mr. Hamilton's work in Yerkes observatory has been a fine record of attainment. Mr. R. K. Richardson comes as an added instructor in the department of history. Mr. E. P. Woods has been appointed librarian of the college. To take the place of Prof. Allen as the head of the department of music, the college has been particularly fortunate in securing Mr. A. B. Tyler, secretary of the American Guild of Organists, and a noted organist of New York. Because of his interest in students Mr. Tyler comes at a considerable pecuniary loss to himself.

Dormitories Remodelled
During the summer North college and Chapel Hall have undergone a thorough remodeling which has added greatly to the attractiveness of those dormitories.

The registration of students has not yet been completed, but the number of the Freshman class has been estimated at eighty, fully sixty of whom are men.

Enjoyable Birthday Party.
Yesterday was the fifth anniversary of the birth of Elizabeth, daughter of Mr. and Mrs. Ed. Klenow, residing on Cornelia street. About twenty of her little friends were invited to spend the afternoon and celebrate the event with her. The time was passed in playing games and music, after which the party had supper and enjoyed the good things prepared by Mrs. Klenow. Many tokens of remembrance were given Miss Elizabeth by her youthful guests.

Little Missionaries
Members of the Wee Folks band of the Congregational church held their semi-annual meeting in the church parlors Wednesday afternoon and the little people and their mothers had a very happy time. A brief and interesting program was followed by games and the serving of a picnic supper at long, low tables. Seventeen dollars were realized from the little ones' mite barrels.

Eastern Star Banquet
Members of the Janesville chapter No. 69, O. E. S. enjoyed an elegant banquet preceding their regular meeting of Wednesday evening. While the Masonic hall was being renovated and refitted with carpets and new furniture the Eastern Star chapter took a vacation and Wednesday's meeting was the first one held for some time. For this reason the social part of the evening was especially enjoyable.

FLAKE POTATOES READY TO EAT

NEW FACTORY IN SPRING BROOK NEARLY READY.

TASTES LIKE THE GENUINE

All the Machinery Is Not Here Yet, But Will Soon Be in Place.

Several erroneous impressions have become current regarding the Concentrated Potato Flake company. It is not true that Mr. Bunyan intends to buy potatoes from the northern part of the state, that is, so long as he can secure them from neighboring farmers at reasonable prices. Another false idea has been that the product of the factory is a breakfast food and similar to such preparations already on the market. On the contrary it is a staple article to be used on any occasion when potatoes are commonly used.

For several weeks Mr. Bunyan has been purchasing potatoes in small quantities from raisers in the surrounding district. At first he was asked from thirty to thirty-five cents and naturally objected to paying such a price when he has to purchase the tuber in such large quantities. But since that time he has been able to get all he wants at twenty-five cents a bushel, and while it would be possible for him to buy in quantities from northern markets at seventeen cents, there are reasons which make it preferable to deal with local farmers.

Not Fancy Food
In the office of the factory is a small dish of the product which has been entirely prepared on the spot, although no machinery is yet in place for operation. In appearance the food is not unlike many other preparations, being composed of small flakes of a pure white color, perhaps a quarter of an inch in diameter, in taste there is absolutely no difference from that of a boiled potato.

There is no place in which the potato is used in ordinary cooking that this preparation cannot be substituted. As it is shipped ready for the market it is very dry, being at least seventy-five per cent concentrated, but upon the addition of a little boiling water it is reduced to a product which is identical with the ordinary mashed potato. This can then be used for fish balls or croquettes; it may be fried or used in any one of a variety of ways. There is nothing of the light fancy preparation about it, but a solid food which is intended to usurp the place of the Irish potato.

Its Preparation
None of the actual details of the process can be given, as it is to be kept secret, but the general operations which are undergone are as follows. One machine takes the potato and removes the skin then another removes the eyes and halves it to detect any hollow or decayed potatoes. It is then sliced thin and cooked by steam, after which it is passed through several secret processes, emerging not unlike to paper pulp in appearance. After passing through a few more operations the potato flake is produced in its final form, ready to be boxed.

About half of the machinery is already in place, consisting mainly of the frames and vats which will be used. The more intricate portions of the apparatus have not yet been received from Chicago where they are being made. Probably a month will elapse before the factory begins operations.

Expects Big Business
The preliminary inquiries which have been received from prominent wholesale houses may be taken as an index, the plant will do an enormous business. Mr. Bunyan has on file letters from Mexico City, Mex., Salt Lake City, Boston, St. Angelo, Tex., Los Angeles, Cal., Seattle, Wash., New York City, Detroit, and many intermediate points.

WITH THE ATHLETES.

Chicago University won their first game against Hyde Park School by a score of 6 to 5.

Within the last few days the Wisconsin varsity men have been put down to much stiffer work.

Members of the Milwaukee League team presented Manager Duffy with a handsome tan leather suit case, bearing his initials on the end.

Carroll college, Waukesha, has a football team which is hard at work in preparation for a schedule with some of the strong high schools and academics of the state.

After the Baltimore had twice practically won the games, the Philadelphia American League team "clinched" the pennant by a double headed victory over the Orioles.

Coach Yost has spent most of his time with the scrubs in order to quickly develop a team that will give the Wolverines hard work in defending the goal.

Seven candidates for the Northwestern team have been sent to the training table by Coach Hollister; others will be sent as fast as they "make good."

Practice at Illinois has consisted almost entirely in falling on the ball. Coach Holt's theory being that it teaches the men to let go of themselves, and make diving tackles.

Class football captains have been elected in the high school. They are Pliny Wilbur for the Seniors, Arthur Farley for the Juniors, Walter Carle for the Sophomores, and Victor Whitton for the Freshmen.

It has been reported that the high school football men are buckling down to their studies in fine style so that it will not be necessary for the powers that be to shut them out from playing on the score of championship.

BELOIT DETECTIVE IS CERTAINLY GOOD

Telephones for Chief Hogan and Five Policemen to Take Care of One Man.

Chief Hogan thought for a time yesterday afternoon that he was going to have plenty of trouble on his hands. He received a telephone message from the depot to meet the Beloit train at four o'clock with five policemen. Not having five policemen handy, the chief went up to the station himself. The operator told him that he did not know what was the trouble but the message said "to have Hogan with five policemen." The nature of the trouble was not known and the chief telephoned Officer Brown to come to the station in case there was a call for help.

Train Arrives
When the train pulled into the station a railroad detective jumped off and inquired for Hogan. John was right there and asked him what was the trouble. He said there was a little fellow on the train who was a crook and he wanted Hogan to watch him. The chief asked him if he thought it necessary to have five policemen at the train to watch one man.

Inoffensive Man
The dangerous criminal alighted from the train and proved to be an inoffensive looking young man of medium build, who did not look as if he was going to create any great disturbance. The chief asked him where he came from and he said Beloit. He said he left Beloit because five or six "big bulls" down there told him they would pinch his head off if he did not get out of town. John asked him if he did anything and he said no. He wanted to get to Chicago so jumped onto a train that was ready to leave and started for Chicago by the way of Beloit.

The Query
The chief is still wondering why the detective should want him and five men to look after one poor crook.

SUP'T W. H. WHALEN IS TRANSFERRED

Changes in the Northwestern Railway's Operating Department Send Him to Iowa Division.

On account of the resignation of L. J. Silfer, superintendent of the Iowa division of the Northwestern, to take a position as general superintendent of the Rock Island east of the Missouri, a number of changes were made in the operating department of the road. W. H. Whalen, superintendent of the Northern Wisconsin division of the Northwestern, will take Mr. Silfer's place at Boone, Ia. W. H. Battin, formerly assistant superintendent of the Madison division will take Mr. Whalen's place.

ELECT DIRECTORS FOR COMING YEAR

Stockholders of Hanson Furniture Company Hold Annual Meeting After Prosperous Year.

The stockholders of the Hanson Furniture company held their annual meeting, which had been postponed from July 24 on account of the absence of some of the stockholders from the city, at the municipal court room last evening. President W. T. Vankirk presided at the meeting. The report of the board of directors showed a net profit of \$4,400 for the last year or about 14 per cent of the capital stock. No dividends were declared as a large portion of the profits had been used to decrease the indebtedness.

The board of directors elected for the ensuing year are L. Engebreten, Henry M. Hanson, Hans Froften, W. T. Vankirk and J. W. Sale. The directors will meet early next week and elect officers.

Gives women that womanly beauty, refined into its fullest splendor that dazzles the eyes of mankind. That's what Rocky Mountain Tea does. 35c. Smith's Pharmacy.

REPORT MADE ON CONDITIONS

RESULT OF CONDITION FROM
BRITISH IRON ASSOCIATION.

INVESTIGATED LABOR PROBLEM

Trade Unionism Not So Strong as in
England—Pay Much Greater
Here.

Labor conditions in the United States is the subject of a chapter in a recently published report of the Commission from the British Iron Trade Association which visited the United States a few months since and reported upon industrial conditions, and especially those relating to iron and steel. Discussing this important question of the condition of labor in the United States, viewed from the standpoint of the English citizen and manufacturer, the report says:

Labor Conditions
"The conditions of labor in the United States is another matter that has received a good deal of attention, as being fundamental in the progress of American industries, if not also in the relative progress of some of our own. The influence of trade unionism is not nearly so strong nor so aggressive in the United States as in Great Britain. The reason is largely capable of mathematical demonstration. A recent report of the New York department of Labor shows that while in Great Britain at a recent date there were 1,905,000 trade unionists, there were only 1,600,000 in the United States and Canada for about twice the population, while Germany is credited with 955,000, or about one-half the British figure. The trade union is not generally recognized as a militant force in the United States, except now and again. Few employers are ready to acknowledge that it has any influence worth naming.

Freedom of Labor
"The almost absolute freedom of labor has been the chief instrument whereby it has won such conquests in the field of industrial economy during the last quarter of a century. In all countries industrial processes have been greatly cheapened during that period, but in America the cheapening appears to have been carried farther than anywhere else. According to figures recently made public by Mr. William Garrett, a rail roller in an up-to-date mill is paid less than a cent per ton for rolling, against 15 cents at a not very remote date. Within that time, again, a wire rod roller has seen his earnings per ton reduced from \$2.12 to 18 cents per ton, and yet he earns larger wages at the lower figure, while five cents are paid today for heating billets to make wire rods, against \$9 cents during the period referred to. 'If rod rollers,' says Mr. Garrett, 'were to receive the same wages per ton that they did twenty years ago, they would earn \$124.00 per day.'

Output
"The average output per worker has in all cases increased enormously. At the nine Edgar-Thomson blast furnaces I was told that 1,600 men are employed for an output of 24,500 tons per week, including all the hands employed in handling and stockpiling raw materials, transport, etc. This gives an average of 15.3 tons of pig iron per man per week, or 795.5 tons per man per annum. The minimum wage paid at the blast furnaces is \$1.50 per day of 12 hours. I did not get the average wage paid at these works, but Mr. A. C. Dinkley, the manager of the Homestead Works recently testified that the average earnings of the workmen there, excluding officials, is \$2.73 per day, while the earnings of the rollers and heaters rise to \$15 per day. Wages, in short, are generally so good, and the men have the future so much in their hands, that they have every encouragement to do the best they can both for employers and for themselves.

"The human factor and the personal equation appear to count in the United States for more than they generally do in Europe. Workmen appear to enjoy a larger measure of independence, based on the knowledge of the fact that work is more easy to obtain than in older countries; that they are able, as a rule, to save money, and are, therefore, less dependent than when living, as is not unusual in Europe, from hand to mouth, and that they are living under a political regime which is founded on democratic principles.

"Two features of the relations of employers and employed may be named as exercising a powerful influence on the amity of their connection—the first, the encouragement and reward of workmen's inventions, and the second, the readiness with which workmen of exceptional capacity can themselves become employers and capitalists."

A Modern Magdalen

The long line of purchasers which has been in evidence all day at the Grand Opera House box office, indicates that an unusual interest is aroused over the coming of Amelia Blingham's special company in "A Modern Magdalen." This powerful and graphic play, which will be recalled as a sensation of the spring season in New York, will be brought here in its entirety and will include every favorite who scored so distinctively during the metropolitan run. While modern in theme and action, a lavish expenditure has been given in every direction and the gowns of the ladies are said to be most exquisite. No better cast has ever been heard in contemporary drama, and a perusal of them at once gives a clue to the importance of the engagement. In the company are W. J. Ferguson, Franklin Roberts, Daniel Jarrett, Victor M. de Silke, Harry Lifford, Bernard C. McGuire, Frederick Leet, Agnes Findlay, Katherine Fisher, Maud Furness, Grace Cornish, Evelyn Haven, Lillian Wright and Roselle Knott.

CHECKING FLEEING SCHEMES

Ohio's Attorney General Is After So-Called Debenture Concerns.

Springfield, O., Sept. 26.—Several schemes similar to the debenture companies, which fleeced thousands of people a few years ago, have been in active operation in this state for several months, but the authorities think they have them in check. Attorney General Sheets has set his foot down hard on these companies and has notified all prosecuting attorneys of Ohio to be on the lookout. One of these companies, with headquarters in Kansas City, has been operating in this city through a local agent, and several contracts have been signed. Other companies are located in Chicago and Cincinnati.

MANY DROP WITH AN ELEVATOR

Girls Hurt by Long Fall in Store White on Way to Luncheon.

Kansas City, Mo., Sept. 26.—An elevator at the Emery-Bird-Thayer Dry Goods company's store, carrying twenty-five young women employees, fell three stories. A dozen girls were injured, but with the exception of Emma Parish, aged 18 years, who was hurt internally, it is believed that none was seriously hurt. Several fainted and for a time it was thought several had been killed. The elevator is used for freight, but at the time of the accident the girls were being carried to the top floor for luncheon. It was loaded to the limit.

May Yohe to Marry Strong.
Buenos Ayres, Sept. 26.—It is believed the marriage of Putnam Bradlee Strong and May Yohe, who arrived here on Sept. 7, will take place Saturday. It is said, however, that the couple still have certain obstacles to overcome and the ceremony may be postponed.

Fire at Crawfordville.
Crawfordville, Ind., Sept. 26.—Crawfordville suffered from a \$20,000 fire. J. W. Stroh & Son's livery yard was completely gutted. The fire spread to the residence portion of the town and two dwellings were badly damaged, inmates escaping in their night robes.

Favors Free Ports.
Dunkirk, Sept. 26.—It is stated that M. Trouillot, minister of commerce, favors the creation of free ports in France, and that he will ask the chamber of deputies to appoint a committee to study the question and choose three ports at which to try the system.

Weds in Paris.
Paris, Sept. 26.—There was a fashionable Franco-American gathering at the church marriage of Count Paul d'Aramon to Miss Rita Bell, niece of James Gordon Bennett and daughter of Isaac Bell, Jr., former United States minister at The Hague.

Has Lived 118 Years.
Lancaster, Ohio, Sept. 26.—Ezra Scott, colored, has arrived in this city from Raleigh, N. C., to visit his children. Scott is 118 years of age and is hale and hearty. He walked from the depot to his son's home, several blocks, unassisted.

Electric Mail Carrier.
London, Sept. 26.—Austin Chamberlain of the British postal department has asked Signor Piscicelli, inventor of the electric mail carrier, to visit England. He will be invited to explain his system for the benefit of the postal authorities.

Policeman Starts Panic.
Havana, Sept. 26.—A policeman in the Alhambra theater became suddenly insane and began firing his revolver at the actors. A panic followed, but with the exception of a man falling into the pit from the gallery no one was hurt.

Instructs Vatican Envoys.
Rome, Sept. 26.—Cardinal Rampoldi received Archbishop Guidi, the apostolic delegate to the Philippines, and Secretary O'Connor, and gave them their last instructions relative to Philippine matters.

Train Derailed in Ireland.
Dublin, Sept. 26.—A train carrying the Twenty-first lancers and their campers was derailed near Carrick Fergus. The men escaped, but many of the horses were killed.

Mason Plan to Aid Boers.
Rome, Sept. 26.—Newspapers here announce that the grand master of the Italian Free Masons has instructed all the Italian lodges to open subscriptions in behalf of the destitute Boers.

Two Are Killed.
Fort Worth, Texas, Sept. 26.—In attempting to quell a drunken brawl among Mexican laborers at Port Arthur Marshall Smith and a Mexican were killed.

Editor Plans Globe Trot.
Ann Arbor, Mich., Sept. 26.—Gustavus Ohlinger, a well-known college debater and editor of the Inlander, is getting ready to make a trip around the world.

Kruger Sells His Book.
London, Sept. 26.—Ex-President Kruger has been paid 600,000 marks (\$120,000) for his memoirs, which sum he will contribute to the Boer relief fund.

Aristocrats on Trial.
Vienna, Sept. 26.—Count Goswin Sarnaei and his mother, of the most prominent Polish aristocracy, are on trial here for frauds involving \$20,000,000.

Baseball Results.
American League.—Chicago, 11; St. Louis, 5.
National League.—Cincinnati, 6; St. Louis, 1.

MORAL OBLIGATION.

The long, continued coal strike,

and the inconvenience and suffering

resulting, presents to the nation a

new problem, which demands careful

and intelligent consideration.

Never before, in the history of the

country have the people been de-

prived of the privilege of buying a

domestic necessity through the wil-

ful or stubborn neglect of parties

who control it, to produce it.

Property rights are inherent and

have always been regarded sacred.

They comprise the important part

of the foundation of government.

But the people have the rights that

are also sacred, and the fuel famine,

coming at the edge of a cold winter,

is a forcible reminder that these

rights are being ignored.

The questions involved are intensely

practical, and while the confiscation

of property is not advocated, the

divine right to paralyze and suppress

the output of a necessity, is being

very seriously considered.

The anthracite coal fields are con-

fined to a limited territory, controlled

by a limited number of people. These

fields contain the only supply of

this class of nature's fuel, and ages

of time have been consumed in pre-

paring it for use. There was no ac-

cident about the planning and prepa-

ration, it was all designed for a pur-

pose, and the hand and brain of

man had nothing to do with either

the planning or preparation.

The people are perfectly willing

that the men who own this supply

of nature's fuel by the right of title,

should remain in peaceable posses-

sion, but they have a right to

demand that while they are protect-

ed in these property rights, that the

privileges of ownership should not

be abused at public expense.

There is more involved than cap-

ital and labor. This question is

confined to a limited district, but the

loss and inconvenience entailed

every corner of the country. The

telephone has been excluded from the Empire; and no Turkish city is electrically lighted because, it is said, the officials discovered the word dynamo in the application for the necessary contracts, and, dynamo suggesting dynamite, the official Turk was paralyzed with fear! So all Turkey is still candle lighted. Whatever is Turkish in Turkey is sure to be out of order, disorganized, dirty; whatever is foreign is, by contrast, well kept.

MERITED HONOR.

The little unpretentious school building at Spring Brook, known as the Jackson school, carried on the honors in the prize contest for the best kept grounds, and most attractive surroundings. It will be remembered that the Twilight club created a little friendly rivalry by placing the schools in competition.

Much good was accomplished and the school grounds in all parts of the city show marked improvement. The little school in the new subdivision was hardly recognized as a competitor, but the thrifty patrons in the neighborhood took a lively interest in the affair and the plants and flowers were as carefully nourished as they would have been in a green house. The prize is a well merited honor that will be fully appreciated.

Mr. Coleman, one of the proprietors of the Milwaukee Der Herold, is pronounced in his belief that Mayor Rose will be the next governor. Der Herold is the German republican paper in Milwaukee, and has a large constituency. The paper had a misunderstanding with La Follette during the Bennett law campaign and refuses to mention his name in its columns. Mr. Coleman predicts a republican legislature, and Spooner's return to the senate.

Senator Spooner will not disappoint his friends in the tour which he is about to make around the state. The senator is a republican of pronounced type, and thoroughly familiar with questions of national importance. He has thus far studiously avoided mixing up in the local faction strife, and there is no probability that he will become a party to it at this late date.

The governor's Milwaukee organ is bitterly opposed to the candidacy of Long Jones of Waukesha, and claims that 100 democrats supported him in caucuses recently held. If the statement is true, which is extremely doubtful, the governor went him 400 better in Madison and only won out by a scratch. There's nothing like consistency.

A La Follette shout at Edgerton, who had plenty of money to bet on his favorite at odds of two to one, has retired from the field with the pocketbook. The Buckstaff-Stout exposure appears to have clarified the atmosphere in the governor's stronghold.

It is estimated that half the coal mines in the Schuykill district are so flooded with water as to prevent their being operated when the strike closes.

Washington has 4,000 tons of hard coal. A week's supply in cold weather. Prices are firm at \$15.00.

Anthracite coal is selling in Boston at \$15.00 per ton, and the supply is extremely limited.

PRESS COMMENT.

State Journal: Senator Tillman should be made president of the new pitchfork trust.

Oshkosh Northwestern: Speaker Henderson has shown that he is a statesman and not a mere politician.

Marquette Eagle: The germ of cholera infantum has been discovered. The germ can be killed and with it the infant.

Oshkosh Times: The navy department has refused to retire Capt. Hobson. He is not a retiring young man under any circumstances.

Eau Claire Leader: It will be a long time before the people consent to destroy the present prosperity even for the sake of destroying the trusts.

Marquette Eagle: If the women are to vote this fall the milliners will have to get out something especially pretty for an "election hat."

Ashland Press: A voice has come out of the west for Bryan. The Utah Democrats in convention assembled, by grace of the Mormon church, have cheered for Bryan.

Whitewater Register: Governor La Follette is doubtless ready to testify now that Ben Franklin was correct when he stated that three men may keep a secret when two of them are dead.

Delavan Enterprise: The Chicago ice companies are planning for an exceptionally large harvest of Wisconsin ice for the coming winter. There is no ten cent tax law hanging over their heads this year.

Sheboygan Telegram: Genius is quick to recognize genius. The Hon. Carrie Nation waves her hatchet in kindly salutation to Hon. William Shakespeare Devery and certifies that he is "the best chief of police" she ever saw.

Green Bay Gazette: The democrats of the Eighth district are having a hard time trying to find some one who is willing to run against Congressman Davidson of Oshkosh. The combination of a strong republican district and a good conservative

man to represent it is too much for them.

Chicago Record-Herald: Ping pong has been put under the ban of the law in Ohio, but checkers will continue to go unchecked in the grand old Buckeye state.

St. Paul Pioneer Press: There is no necessary connection between the reported discovery that the French company's title to its canal route is full of holes and the shelving of the Panama hat.

Chicago Chronicle: Does Mr. Henderson really believe that a little free trade—just enough to put a crimp in the sugar trust, for instance—would bring every laboring man in America to the point of starvation?

Houston Post: With the trusts raising the price of necessities higher and higher every day, one is reminded of Ingalls' witty rejoinder when told that Washington once threw a dollar across the Potomac: "A dollar went farther in those days."

Madison Democrat: Mr. Rose, the cyclone candidate says of the newspapers that he "defies them all." Old Andrew Jackson was elected with almost all the newspapers against him; but it has never happened since.

Delavan Enterprise: The party whom we spoke of last week in criticism of the democrat nominee for lieutenant governor requests us to correct his remarks. What he wished to say is, that if all reports are true Mr. Wattawa is one of the meanest men in the state.

Konasha News: A Chicago newspaper prints a special cablegram from Madrid saying that King Alfonso persists in refusing to marry anyone but an American heiress. The boy talks just as though the American girls haven't anything to say about the matter.

Watertown Republican: Of course, there are two sides to every question affecting the public, and perhaps it would be well in the future to modify some items of the present tariff, but does not the fact stand out prominently that more men are employed at good wages than ever before in the history of the country?

Eau Claire Leader: Nobody claims that the present tariff code is a sacred thing that must not be touched; but the business interests of the country demand that revision be approached with caution and conservatism and that it shall not be conducted under the influence of wild-cat theories which would destroy all prosperity for the purpose of "busting the trusts."

Evening Wisconsin: If Russia insists on patrolling her seacoast off Siberia inside the three mile limit, for the purpose of preventing the depredations of seal pirates how can the United States object? The United States itself took a bold stand for suppression of sea pirates not many years ago. Of course, Russia must not undertake to exercise beyond her jurisdiction. That would be another matter entirely.

Eau Claire Leader: Some of our contents wonder that Senator Spooner does not take an active part in the campaign. There is no necessity. He has nothing to say. His actions in the senate speak for themselves. He has done nothing that requires a defense. No disparagement of his character would find credit with the people. We would not wish to understand that he is careless of honor and reputation or that he affects a superiority to applause, but he has said all he had to say on the floor of the senate chamber, and now leaves it to the people to accept or reject.

MODERN MAGDALEN AT OPERA HOUSE

Manager Myers Has Secured Tonight's Show on a Personal Guarantee.

Tonight's production of the "Modern Magdalen" by the Amelia Bingham company, has been brought here by a personal guarantee of Manager Myers and he is confident that the performance is one of the best that will be at the opera house during the coming season. The cast is the same as played in New York and recently in Milwaukee and is considered one of the best road companies now travelling out of New York city. The play itself is one of the sensations of the year.

STRATTON WILL FIGHT BEGINS

Son of Millionaire Files Bill Asking for a Referee.

Colorado Springs, Colo., Sept. 26.—The first legal step in the effort of I. Harry Stratton to break the will of his father, the late W. S. Stratton, was taken here when the son, through his attorneys, filed a suit in the County court setting forth that he intends to contest the instrument filed as the will of his father, and further denying that W. S. Stratton died possessed of a will. The son asks the court to appoint an administrator or referee to handle the estate and preserve it intact pending the litigation.

GAYLORD GETS AN INJUNCTION

American Steel and Wire Company Restrained From Using Water.

Joliet, Ill., Sept. 26.—Robert Gaylord, head of the syndicate which is fighting the Chicago drainage canal board for control of water power rights here, before Judge Dibel of the Circuit court secured a temporary injunction against the American Steel and Wire company restraining it from using the waters of the drainage canal for its pumping station at the Rockdale plant below Joliet.

ASSAULT MADE UPON JACKSON

SUPERINTENDENT OF INTER-UR-
BAN STRUCK WITH CLUB

DURING THE BELOIT CARNIVAL

Confetti Runs Out and Dirt Is Used
Freely by the Line City

Revelers.

The Beloit carnival and fairmarket came near ending with a fatal assault upon H. H. Jackson, constructing superintendent of the Janesville, Beloit and Rockford interurban road. During the throwing of confetti last night some unknown assailant struck Mr. Jackson over the head with a sawed off billiard cue inflicting a severe scalp wound and barely missing striking a fatal spot.

The affair occurred while the fun was at its height on Bridge street. Many were in the immediate vicinity when the assault occurred but the assailant escaped without his identity being discovered. A second attempt was made a few minutes later on Mr. Jackson while he was in the offices of the interurban road. This time a rock was thrown through the window and barely missed his head, scattering the glass over several ladies who were in the offices at the time.

Not Known
This morning Mr. Jackson is able to be about and states that he does not know who his assailant could have been as it was dark and he was unable to distinguish him. The police have, however, been working on the case and claim to have evidence that it was a Beloit man, who had a grudge against the superintendent and it is probable that the suspect will be arrested some time today.

Lawlessness Prevails

The throwing of confetti was carried on last night to the extreme. Everyone had handfuls of the malicious little papers and they threw it in everyone's face and in the ladies' hair. Twelve times the city police were forced to separate the enraged victims from their persecutors in street brawls that followed and many more were averted by passers without the aid of the police.

Run Out Of Confetti

Towards the latter part of the evening the confetti seemed to run dry and then the revelers seized up handfuls of dirt from the street and threw that. Two ladies and a little girl were so injured by this practice that they were forced to go to the city hospital and have portions of glass removed from their eyes and suffered intense pain. Many others were injured in like manner but their cases were not reported to the officials.

No Horns Or Balls

Mayor Smith forbade the sounding of horns on the streets or the sale or use of the rubber come-back balls and this was strictly adhered to and the police were very watchful to see that this order was carefully lived up to. They were also much in evidence in the crowd, watching for pickpockets but except for one case, that of Conductor Lee, of the interurban road, who lost a pocket book and five dollars, no losses have been reported.

The Shows

Yesterday afternoon one of the prettiest sights of the whole week's exhibition took place when the balloon ascension occurred. A light fog hung over the entire city and when the balloon went up it was swallowed from sight a short distance above the earth. The effect was that of breaking through a canvas top of a tent and then when the aeronaut reappeared in his parachute the bursting through the clouds was a wonderful and pleasing sight. The shows are well patronized considering the rainy weather and are clean and well managed.

BRIEF BITS OF LOCAL NEWS.

Mr. and Mrs. P. A. McGuire and son Ralph McGuire are arranging to move to Southern California the latter part of next month. The change will be made in the hope of benefiting the son's health.

Home Remodeled: Barney O'Brien's home on Eastern avenue has been almost completely remodeled. The improvements have not been completed, but will be at an early date.

Athena Class Meeting: Members of the Athena class will hold a business meeting with Mrs. W. H. Judd at her home, 4 St. Lawrence place, tomorrow afternoon at 2:30 o'clock. All members of the class are requested to be present.

Electrical Conveniences: An electrical engineer connected with the St. Paul road was in the city today to look after the wiring and lighting of the new passenger station. This part of the work will be done by the company.

Ready To Move: Judge Field is already to move into his new quarters in the city hall but says he is in no hurry to move until Chief Hogan gets through riveting the cages together on the floor below. The court room sounds as if it was located over a boiler factory.

Missionary Meeting: The annual meeting of the woman's missionary society of the Presbyterian church will be held this evening in the church parlors. It will be a praise mission meeting and all members of the congregation are invited.

Social Help: The members of Court No. 1, Tribe of Ben Hur, held a social session and reception in connection with their regular meeting last evening. W. C. Kirchoff of Vincennes, Ind., state deputy was present and gave an interesting talk. The lodge decided to secure robes and paraphernalia for degree work and to organize a degree team.

JANESVILLE VISITORS

A few Janesville people have attended the Beloit street fair and fairmarket each day this week. The largest crowd so far went down Thursday night and saw the confetti battle, incidentally getting soaked in the rain.

FUTURE EVENTS

Amelia Blighman's special company in "A Modern Magdalen" at the Myers Grand tonight.

Opening of the bowling season at Hockett's alleys this evening.

Opening game of the football season at Athletic park tomorrow afternoon.

Senior banquet for the Freshmen and the faculty in the High school gymnasium tomorrow evening.

50 lb. sack Cream of Wheat, the flour that gets there every time, and 22 lbs. granulated sugar, \$2.00. Fair.

50 lb. sack of Cream of Wheat flour and one pound box of baking powder the kind that usually sells for 25c, both together \$1.00. Fair.

Black clays, blue serges, fancy unfinished worsteds, chevrons and all the leading fabrics are included in our \$10.00 suit sale tomorrow. Amos Rehberg & Co.

At the low price of \$4.50 each W. H. Ashcraft places on sale tomorrow morning genuine velvet and tapestry couches. An unlimited number of these couches are on hand so that all will be supplied. If ever you needed a couch you need one at these figures.

J. F. Sweeney has so far recovered from the injury to his ankle received during the Elks' carnival that he is able to be about the hotel some with the aid of crutches. The break is very slow in mending and it will be many months before he is able to walk without the use of a cane.

You will find some day to your sorrow that it never pays to hesitate about consulting an eye specialist providing your eyes commence to give you trouble. W. F. Hayes, the eye specialist with F. C. Cook & Co. can be consulted in his office every Saturday and Monday.

Ed. Smith, 55 Dodge street, returned home this morning from a business trip to Grand Rapids, Wood county. Wis. Mr. Smith was accompanied by a party of seven men who invested in some 650 acres of hardwood timber land, which will be utilized for farm and dairy purposes. Mr. Smith reports a scarcity of rain in that section of the state. An urgent business call from Janesville put an end to several large prospective sales.

FOOTBALL GAME HERE TOMORROW

HIGH SCHOOL SEASON TO OPEN
AT ATHLETIC PARK.

JUNIORS PLAY SOPHOMORES

School Team To Be Organized—

Games Scheduled with Beloit, Whitewater and Ft. Atkinson.

On tomorrow afternoon at three o'clock the High school football season will be opened with a game between the Junior class team, captained by Arthur Farley and the Sophomore class team under Walter Carle as captain. This game, which will be played at Athletic park, will be the first contest in the series for the High school championship and the Denison trophy. This cup, which goes to the class team winning first honors, was held for the past two years by the class of 1902 which graduated last June.

Enthusiasm Shown

Janesville High school athletes have entered upon plans for this year's football season with even more than usual interest and enthusiasm. Practice has begun in earnest and teams have been organized in all the classes except the freshman class. The work on the gridiron is under the direction of Prof. William Norris, who has charge of all the athletes in the High school, being graduate manager of all the athletic organizations.

For the past two years, football in the local High school has been confined to the contests between class teams for the Denison cup, which remains in the school having the name of the class which wins it each year engraved on the cup.

School Team Also

This year a broader plan will be followed and in addition there will be a class team made up of the best players in the class teams.

This school team will play six games with outside schools, three of which will be played in this city. Two games each will be played with the teams of Beloit, Whitewater and Ft. Atkinson High schools. The first of these games will be played with the Whitewater High school at Whitewater one week from tomorrow.

Championship Series

To make room for these outside games, the contests in the class championship series will be limited, only the number necessary to the decision being played. After tomorrow's game, the Senior class team will play the losers and later will play the winning team, making two games for each class team unless the results in such an event another game will be played. The championship will be determined by comparative percentages.

Tomorrow's Game

In tomorrow's game the two contesting teams will line up as follows:

SOPHOMORES. Position. JUNIORS.

NEWS OF A PERSONAL NATURE

W. J. Towne of Baraboo was in the city yesterday.

J. D. Dunwiddle of Monroe is in the city today.

Mrs. A. E. Rich is in Chicago today on business.

Sheriff Maltress was in Edgerton yesterday on legal business.

Mrs. J. H. Hatch is in Chicago, visiting relatives for a few days.

Francis C. Grant went to Chicago yesterday morning.

H. Alcan of Beloit was in the city on business yesterday.

Mrs. Thomas Taylor left this morning for a visit to Chicago.

George Gower has been put on the Main street car as motorman.

The News From County Towns.

AFTON.

Afton, Sept. 26. The attention of the members of the Afton Historical club is called to the fact that longer evenings are now at hand and it may be well to consider the advisability of resuming the work laid down last spring, when the club adjourned for the summer. The officers of the club are O. D. Antsied, president; F. C. Miller, vice president; Sarah Z. Drafiel, secretary. The program committee is composed of U. G. Waite, David Throner and A. G. Henry. By the absence at Whitewater of Miss Drafiel and the removal to Genoa of Professor Henry, the club loses two of its active members and efficient workers.

Section Foreman Edward Hammel and his men have been engaged a goodly portion of the past week in clearing away the debris from the site of the C. & N. W. Ry. storehouse which was destroyed by fire last week. Foreman Hammel's gang has been augmented by the transfer of G. W. Robb and J. G. Kilmer from the Janesville to the Afton section.

Quite a number of town of Rock democrats and republicans heard Mayor Rose speak at Janesville last Monday evening. Others are planning to hear him when he speaks at Beloit next month.

Harry E. McCrea returned to El Paso, Texas, last Thursday after a short visit with relatives here. On Thursday evening his mother, Mrs. Nellie McCrea, gave a delightful party in his honor. Those present were Messrs. and Mesdames W. R. Kilmer, L. J. McCrea, J. G. Kilmer, Lillian P. Eddy, John Kilmer; Misses Hazel McNaught, Chicago; Alma Brinkman, Jessie McCrea, Messrs. H. B. Anderson and Ollie Trostman, Orfordville; Earl Carr, Beloit; H. E. McCrea, El Paso, Texas; F. C. Miller, W. R. McCrea and U. G. Waite. One feature of the evening was a group photograph of the guests taken by flashlight.

Miss Maggie Bucklin left Saturday morning for Orangeville and Freeport where she will spend Sunday with Mrs. Sam Slick and other friends and relatives. She was joined at Orangeville Wednesday by her sister, Miss Nettie Bucklin and together they left for their home in Verden, South Dakota.

At Hymen's Altar

At high noon Wednesday, Sept. 24, 1902, occurred the wedding of Miss Myrtle Farmer of this city, and Mr. Ray Moffit of Beloit.

Dr. O. E. Murray, pastor of the Methodist church, performed the ceremony.

The bride is one of Brodhead's fairest young ladies, is the youngest daughter of Mr. and Mrs. Enoch Farmer, is accomplished and has friends by the score who wish her well.

The groom is one of Beloit's astute and deservedly popular young business men who at present is conducting a grocery store. Amid showers of rice and a crowd of friends who had assembled to wish them well, Mr. and Mrs. Moffit left on the four o'clock train Wednesday afternoon for Chicago, where they will visit for a few days before returning to their home in Beloit, which is in readiness for their home coming.

May peace and prosperity be theirs is the wish of their Brodhead friends.

Two million Americans suffer the torturing pangs of dyspepsia. No need to Burdick Bitters cures. At any drug store.

Impossible to foresee an accident. Not impossible to be prepared for it. Dr. Thomas' Electric Oil—Monarch over pain.

Coughs and colds, down to the very borderland of consumption, yield to the soothing, healing influences of Dr. Wood's Norway Pine Syrup.

Scratch, scratch, scratch; unable to attend to business during the day or sleep during the night. Itching piles, horrible plague. Doan's Ointment cures. Never fails. At any drug store, 50 cents.

FOR OVER SIXTY YEARS

Be sure and use that old well-tried remedy, Mrs. Winslow's SOOTHING SYRUP, for children's teething. It soothes the child, softens the bowels, cures wind colic and is the best remedy for diarrhoea. 25c a bottle.

"Is your mamma cross? Mine is awful cross! Does your mamma say 'Hush!' when you laugh or make a little bit of a noise? My mamma does. She has nerves, papa says."

The mother who overheard this account of herself would feel heart-broken to think of the shadow cast by her misery on those she loved. Yet her condition is real. Her nerves are strained to the point of torture. Lack of appetite and loss of sleep increase her weakness.

Such a condition may, in general be traced to disease of the delicate womanly organism, a cure for which is found in the use of Dr. Pierce's Favorite Prescription. It establishes regularity, heals inflammation and ulceration and cures female weakness. It tranquilizes the nerves, encourages the appetite and induces refreshing sleep.

"I had been a constant sufferer from uterine disease for five years," writes Mrs. J. A. Stearns, of Yankee Dam, Clay Co., West Virginia, "and for six months previous to taking your medicine I was not out of my room. Could not walk or stand, as there was such pain and drawing in left side and bearing-down weight in region of uterus, accompanied with soreness. I suffered constantly with headache, pain in back, shoulders, arms and chest; and could not sleep nor lie down. When I had taken three bottles of the medicine the periods were regulated, I was not so nervous, could sleep well, and the pain in side and bearing down had vanished. My health is better at this time than it has been in five years."

Dr. Pierce's Pellets stimulate the liver.

ATTORNEY GENERAL STOPS FARM COMBINE

Quo Warranto Proceedings to Prevent New Jersey Corporation Doing Business in Ohio.

Columbus, O., Sept. 26.—Quo warranto proceedings were brought in the circuit court by Attorney General Sheets to prevent the American Farm Company, incorporated under the laws of New Jersey, from doing business in Ohio. The company is incorporated with \$1,000,000 capital and sets up as its objects the purchase and control of mills and grain elevators and cars and all means of transportation for farm products.

The petition in quo warranto attacks the corporation on the ground that its intention is to monopolize the agricultural interests of the state and that it is, therefore, in contravention of the anti-trust law. The petition also describes the company as a corporate myth and wholly insolvent.

In the interrogatory the attorney general asks that the president of the company be made to tell more of the Sid Edward Wooler who is cited in the company's circulars as "the auditor of England" and who is supposed to be connected with the corporation.

Colombian insurgents attacked the United States marines for guarding the Panama railroad; the latter trained a gun at them but did not fire; 600 marines will be sent as reinforcements.
